Reverse Accounting Journal Quick Reference Guide

Reverse Accounting Journal Overview

This Quick Reference Guide (QRG) is designed to walk an **Accountant** through the steps to reverse an accounting journal in Workday. By the end of this QRG, you will be able to successfully reverse a journal entry.

Note that to reverse an Intercompany Journal, only the original Intercompany Journal can be reversed. An error will appear if you attempt to reverse the Workday generated Intercompany Journal. If you reverse the original Intercompany Journal, the Workday generated Intercompany Journal will also reverse.

Procedure:

On the Workday Home screen:

- 1. Type **Find Journals** in the search field.
- 2. Select the **Find Journals** report from the Search Results.

On the **Find Journals** screen:

- 3. Complete the following required fields:
 - **Company** select the appropriate company.
 - Year select the appropriate financial year for the journal.
 - **Period** select the period for the journal.
 - Journal Source select appropriate journal source. Most often you will select Manual Journals, Manual Journal Transfers, or Accounting Adjustment.

All fields on the **Find Journals** screen that are not mentioned above are optional, however they assist in narrowing down the search.

NOTE

4. Select OK.

On the second Find Journals screen:

5. Select the **Related Actions (...)** menu in the table under the **Journal** column of the journal to reverse.
