Expenses Hub Overview

This Quick Reference Guide (QRG) walks Employees through using the Expenses Hub app. The Expenses Hub should automatically display in your list of Apps under Menu. If it is not displayed, you can add it via the Add Apps button at the bottom of the Apps menu (Menu > Apps).

The Expenses Hub replaces the Expense app. While you can still use the Expenses app, you may want to switch to the Expenses Hub since eventually the Expenses app will be sunset from Workday.

Using the Expenses Hub app

On the Workday Home screen:

1. Click Menu, then click Apps.
2. Select Expenses Hub.

You can change the order of your apps by clicking the Edit button at the bottom of the Menu.
On the Expenses Hub screen:

A. Options that display on the far-left side of the hub:
   o **Overview** – displays by default when you open the Expenses Hub app. The Overview includes *Tasks, Expense Reports to Submit* and *Transactions to Expense* in the main hub window.
   
   o **Expense Reports** – select to view a list of your expense reports. You can filter by status and date. (This is the same as the View My Expense Reports link)
   
   o **Suggested Links** – provides links to a variety of helpful resources such as expense websites and Quick Reference Guides (QRGs). Select a link to go to that resource.

B. **Tasks** – provides buttons for creating a new expense report or spend authorization.

C. **Expense Reports To Submit** – lists any Expense Reports that require your attention. These include expense reports in Draft format or those that have been sent back to you by an approver.

D. **Transactions To Expense** – lists any outstanding transactions. These include T&E credit card transactions and quick expenses.
